NICHOLAS VERDERESE JOINS KZA ENGINEERING AS DIRECTOR OF TRANSPORTATION ENGINEERING & PLANNING

Manasquan, NJ- March 25, 2010- KZA Engineering is excited to announce and welcome the addition of Nicholas Verderese to the KZA team. Verderese will run KZA's Transportation Engineering and Planning Division.

A former principal of CMX, Mr. Verderese brings with him over 20 years of extensive traffic engineering and planning experience. He holds a B.S in Civil Engineering from Rutgers University, is a licensed P.E in both New Jersey and Pennsylvania and is certified by the Institute of Transportation Engineers as a Professional traffic Operations Engineer. Mr. Verderese's transportation experience involves both private and public traffic engineering and highway design projects involving transportation planning, traffic signals, highway design and bridge inspection/design.

His private sector experience includes preparation of traffic/impact studies for numerous private retail, office, residential, industrial/warehouse developments throughout the states of New Jersey and Pennsylvania. He has given traffic and parking testimony at over 100 different land use boards in the State of New Jersey and has been an expert appointed by Middlesex County Court. His public experience involves traffic master plans and circulation plans for townships and counties and planning/zoning board reviews for a number of municipalities. He has conducted transportation planning and traffic engineering studies for a number of counties and public agencies.

"I have always been impressed with KZA's business model and am looking forward to working with such a dedicated group of people and such a class organization" says Verderese.

Rich Kenderian, President at KZA Engineering, states "We are very excited to welcome Nick to our team at KZA. Not only will he bring considerable experience to the firm, but also provide the highest caliber of quality and traffic engineering service to our clients".

KZA Engineering, P.A is a multi-disciplined consulting engineering firm headquartered in Manasquan, New Jersey with additional offices in Malvern, PA and Lansdowne, VA. KZA Engineering specializes in private sector development of retail, commercial and residential projects and can provide in house services such as Civil Engineering, Planning, Surveying, Geotechnical, Transportation Engineering and Environmental Studies.
